

This vehicle has been fitted with an in vehicle monitoring system (**IVMS**). Using this device ORIX Australia Corporation Limited (**ORIX**) will collect information about the use and performance of the vehicle. Some of the information collected may constitute “personal information” within the meaning of the *Privacy Act 1988*.

ORIX is collecting this information in order to provide safety and performance data and services to the owner or lessee of the vehicle. By driving a vehicle equipped with an IVMS device, you agree that any personal information collected by the device will be used and disclosed by ORIX and its related companies in accordance with this statement and our Privacy Policy (available from <https://www.orix.com.au/privacy-policy/>). If you do not agree, you must not drive a vehicle with an active IVMS device and we will not be able to provide the owner or lessee of the vehicle with the requested data and services.

In addition to disclosing the information collected using the IVMS device to the owner or lessee of the vehicle, we may also disclose your personal information to other parties. The other parties may include our related companies and third parties who provide products and services to us or through us in the ordinary operation, administration or promotion of our business, and otherwise in accordance with our Privacy Policy. These third parties may be located (and therefore your personal information may be disclosed) interstate within Australia, or overseas, including Japan and New Zealand, and other countries from time to time.

We may use and disclose your personal information for direct marketing purposes, unless you opt out (which you can do at any time by emailing marketing@orix.com.au).

Our Privacy Policy contains information about how you may access and seek correction of your personal information, how you may complain about a breach of your privacy, and how we will deal with that complaint.
